Evo Recycled® Shallow Spill Tray - 41 x 31 x 7cm

Evo Recycled® Shallow Spill Tray for use in numerous applications where leaks occur. Useful under plant and machinery to catch drips and leaks and prevent ground contamination. For indoor & outdoor use, Can be lined with absorbents to soak up liquids, Can be stacked for easy storage, Ideal for use during storage and dispensing activities, Reduces the risk of floor contamination, Easy to clean, Tough, durable and corrosion free, Manufactured from 100% recycled material. EVO spill products provide a unique solution for companies pursuing higher ethical and environmental standards without compromising performance and value. Each product in the range is manufactured from recycled or sustainable material. All EVO products are manufactured in Britain with a far smaller carbon footprint than the vast majority of Spill Control products produced overseas. EVO polywrap & box packaging recyclable
